- The construction of all utilities shall conform to the standards set forth in the “Nebraska Department of Roads – Policy for Accommodating Utilities on State Highway Right-of-Way” adopted by Kearney County as the “Kearney County Policy for Accommodating Utilities on Public Road Right-of-Way”. The permit holder shall inform the Kearney County Road Department upon completion of the construction of the above-described utility in order that all road crossings and backfilled areas may be inspected. The permit holder agrees it will restore the public road to the original condition prior to the work. The permit holder shall also exempt Kearney County from any damage which may result from the above-described utility as a result of future road maintenance or construction. The permit holder assumes all liability and will furnish signs in accordance with the MUTCD during construction.
